

Habitat for Humanity

Habitat For Humanity is internationally known for providing homes for people in need. HFHI seeks to eliminate poverty housing and homelessness from the world, and to make decent shelter a matter of conscience and action. Founded by Millard Fuller in 1976 Habitat has built more than 200,000 houses around the world, providing more than 1,000,000 people in more than 3,000 communities with safe, decent, affordable shelter.

To commemorate the Frontier Adjusters' (a subsidiary of Merrymeeting Inc.) 50th anniversary, MMI Charities sponsored a home construction project in Phoenix, Arizona (Frontier's home town). The picture below shows the team of volunteers, including Frontier's corporate office staff and Frontier Office Owners from around the country who participated in the building project. We are also actively involved with Habitat's Cleveland, Ohio affiliate.
