

MMI Charities

MMI Charities is an organization focused on supporting local, national, and international programs that are designed to provide health and human services to children in need. Examples include, but are not limited to, programs designed to provide food, shelter, educational and health services to orphans and homeless children, children with physical, mental and/or emotional disabilities and other children with special needs and circumstances.

MMI Charities receives cash and in-kind contributions from Merrymeeting, Inc., Merrymeeting's franchised office owners, and other philanthropic individuals and organizations. Merrymeeting, Inc. underwrites all of MMI Charities operating expenses; consequently, 100% of each charitable contribution goes to the designated organization or project. Furthermore, the Hollard Foundation, our South African affiliate, will provide a 100% matching contribution for all designated donations to South African initiatives.

We are currently focusing all of our time and financial resources on supporting the following organizations and programs:

- The Hollard Foundation
- The Achievement Centers for Children
- Casa Amparo
- Habitat for Humanity
- Pappas School Project
- MMI Scholarship Funds

For more information on each of these initiatives, please refer to the sidebar menu.

MMI Charities is now a 501(c)3 tax exempt non-profit organization. If you are interested in learning more about MMI Charities, assisting us in supporting these projects, or nominating a charity for support, please contact us.
